- » Take advantage of Market America's acquisition of **Shop.com** that will elevate our Shop Consultants' earnings to the next level?
- » Work with a team where your efforts support each other and only **YOU** determine your income?
- » Have a formalized training system that allows you to learn how to run a successful business at your own pace?

Meet our VIP Guest,
Executive Vice President

Dennis Franks

Entrepreneur and
UnFranchise Business Owner

IN-PERSON FOR ONE DAY ONLY!

Dennis Franks attended the University of Michigan in the '70s and graduating with a bachelor's degree in economics in 1974 and was a center on the '71 Rose Bowl team. In '75, he signed as a free agent with the NFL's Philadelphia Eagles - Franks served as special teams captain, voted most valuable player by his teammates in '78 and helped build the Eagles' 1981 Super Bowl team. He finished his NFL career with the Detroit Lions.

Franks was introduced to network marketing in 1981, one of the elite few who have earned commissions in excess of \$1 million in a single year. "One of the things that attracted me to Market America was the UnFranchise® concept," says Franks.

In January 1993, Franks was welcomed onto Market America's Executive Board at the position of executive vice president. His areas of responsibility have included the Mall without Walls™, sales/marketing and the Preferred Customer program. "My philosophy with Market America is to be sensitive to our Distributors' needs, because their performance drives the company," he says. "I'd classify myself as 'company first' but 'Distributor-sensitive.'"

"I'm very proud of the quality and variety of products we offer through Market America and I feel we have changed and will continue to change so many people's lives for the better through our products and compensation plan. I enjoy the challenge of bringing someone new into the business and providing solutions to people through our products. Now my biggest challenge is time and trying to touch as many people's lives as I can in my time on this earth."
